SILVERTON KILLS BONDS

Silverton, Ore., May 2.—Silverton decided yesterday by a vote of 288 to 47 not to establish a municipal lighting plant. The campaign had been a warm one, but the fight for the bonds failed to carry weight with the 328 voters who cast their ballots.

T. W. Totter was elected mayor. He is a republican. The following were elected councilmen: G. B. Barr, M. Biggeress and R. G. Allen. For recorder, M. Paulson received the highest vote, with L. C. Eastman second highest. There is some question of Mr. Paulson's ability to qualify, as it is understood he is registered as a voter in Multnomah county. It is doubted that he has been established here long enough to qualify for the office. F. E. Callister was elected treasurer.

On May 13 the city will hold an election to vote on bonds for a municipal water system.

COUNCIL ARRANGES FOR MEMORIAL DAY

Expresses Appreciation of the Bush's Generous Gift—S. P. Given Time

At last night's meeting of the city council Mayor White appointed a committee of three from the council to cooperate with Sedgwick Post, No. 10, in arranging suitable exercises in honor of the Grand Army of the Republic on Memorial day. The council granted the use of Wilson park for a picnic for the soldiers and a way will be cleared to the river where the ceremonies in commemoration of the sailors of the Civil war will be observed. W. V. Rankner, commander of Sedgwick Post appeared before the aldermen and asked their aid in observing the day.

Alderman Hudelson, who is a veteran of the Civil war, spoke in the interests of the local post and recalled the fact that Memorial day had been set aside to honor the dead of the Grand Army and that the men who rallied to their country's call in '61 deserved one day out of the year as their own.

Councilman W. H. Cook, who has served for two years as chairman of the street committee, tendered his resignation but was urged by Mayor White to reconsider his action. Alderman Hills also spoke in commendation of the work of Alderman Cook and asked him to remain in the position which he has filled with such evident credit to himself and the city. A motion was unanimously carried asking Alderman Cook to withdraw his resignation, but he did not withdraw it.

The gift of A. N. Bush and Miss Sally Bush of the tract known as Bush's pasture to the city as a park was recalled and it was moved that the council tender the appreciation of the city for the gift. Mayor White answered that as soon as the tract were surveyed and accepted that appropriate exercises would be held. The drinking fountain at the McGilchrist corner was called up and Alderman Hudelson was of the opinion that Salem was "dry enough as it is without turning off the water in the fountain." He was in favor of the city supplying the water if the water company declined to do so. The matter was referred to the fire and water committee.

The matter of the improvement and repairs on Twelfth street was brought up and several heated arguments were offered. Councilman Cook as chairman of the street committee, favored compelling the railroad company to repair Twelfth street and to bring the tracks to grade on Mission street. It was finally decided to give the railroad a little more time to make the improvements according to the promise of Engineer Hampton.

Mayor White stated that the city paving plant had been ordered and would be in operation in the near future. A remonstrance from the property owners on Mill street from Ninth to Twelfth streets was read asking that the paving of this street be deferred for another year.
